

ADVANCE' 2024

Msc Students CFP

International Workshop on ADVANCEs in ICT Infrastructures and Services
Hanoi, Vietnam 26-28 February 2024
<https://lrsm.ibisc.univ-evry.fr/ADVANCE2024>

The focus of the ADVANCE workshop and community is to sustain the important efforts of the worldwide scientific community, practitioners, researchers, engineers from both academia and industry to have a forum for discussion and technical presentations on the latest theoretical and technological advances in ICT to solve societal and environmental challenges for developed and under-developing countries. The workshop aims to develop the link between scientists from academia and industry worldwide to fade the digital divide between countries and organizations allowing all of them to access to the latest knowledge **and ADVANCING TOGETHER FACING CLIMATE CHANGE CHALLENGES.**

Msc students are invited to submit short papers presenting their activities related to the development of future Information and Communication Infrastructures. All submissions must describe original research, not published or currently under review in another conference or journal. Areas of interest include, but are not limited to:

- Track 1: Future Networking Track
- Track 2: AI Applied to Infrastructures and Services Track
- Track 3: Security, Trust, Robustness and Human Perception Track
- Track 4: Social data management
- Track 5: Vertical Industries, Usage and Societal Impacts

IMPORTANT DATES

- Paper Submission: **February 9th, 2024**,
- Author Notification: **February 16th 2024**
- Camera-Ready Due: **February 20th, 2024**

SUBMISSION PROCEDURES

Recommended submissions length for the paper is a maximum of 4 pages using ACM Template, including figures and references. Paper submissions will be accepted until specified deadline and must be provided using Adobe Acrobat PDF. Papers should be written in English and submitted online via the sciencesconf link provided below.

The cover page should indicate whether it is a research or an experience paper. It should include paper title, abstract, list of keywords indicating the paper's topic area (preferably from the conference topic list), author's full names, affiliations and complete addresses, telephone numbers and electronic mail addresses.

All paper submissions will be carefully reviewed by at least two experts and returned to the author(s) with comments to ensure the high quality of the accepted papers. The authors of the submitted papers will receive suggested modifications early enough in the process to revise their papers. **All VNU Msc students that are authors of submitted papers must present their contributions during the dedicated VNU Msc students sessions of the ADVANCE workshop scheduled on Wednesday 28th February 2024.**

Electronic submission via the Web is mandatory (**sciencesconf**) . Authors are requested to submit their papers in **PDF format** – ACM Template ("sigconf template")*.
